

IN THE SPECIFICATION:

Page 1, after title insert subheading

--FIELD OF THE INVENTION--

D1 [Page 1, before first paragraph insert subheading]

--BACKGROUND OF INVENTION--

Page 1, paragraph 4, amend as follows:

D2 One of the many growth factors found in colostrum is insulin-like growth factor (1) (hereinafter "IGF-1"). In the bovine colostrum, the concentration is more than 20 times greater than in normal milk (Marcotty, C.F. et al (1991); Oda, S.H. et al (1989)). Bovine and human IGF-1 are very similar in composition.
